### Work Session– Curriculum Delivery Structure

The work session involved a detailed conversation of trimester vs. semester curriculum delivery. The State is changing the way exams are delivered, which in many ways is more accommodating to the semester structure. Rae Woolpy, High School Principal, discussed the benefits that students would experience by changing to the semester delivery structure. The Board discussed the benefits and disadvantages of each curriculum delivery structure. Meaningful discussion will occur between high school and intermediate staff, and the REA. Available data, staff input, and other information will be brought to the Board at the next meeting.
