

Richmond Community Schools

Description of 2018-2019 New Elementary School Boundaries

Charles Elementary Boundaries

Charles Northern Boundary

The Charles Northern Boundary extends from the intersection of South 16 street and East Main street (Highway 40 East) to a point just west of Old National Road East, approximately at the end of the last entry way into the shopping plaza that includes AMC Classic Movies, Fazoli's, and other retail establishments.

Charles Eastern Boundary

The Charles Eastern Boundary extends from the eastern edge of the Charles North Boundary southward to a point north of S. D. Street and then traveling eastward to the Indiana state line. The Eastern boundary then continues southward along the Indiana state line to the southern boundary of the Richmond School District, which is the Wayne County-Union County line.

Charles Southern Boundary

The Charles Southern Boundary extends from the east at the Indiana state line and southern boundary of the Richmond School District boundary to the west to Highway 27 south.

Charles Western Boundary

The Charles Western Boundary extends from the south at the southwest corner of the boundary of the Richmond School District boundary and Highway 27 to a point that is along the East Fork Whitewater River and Test Road. The Charles Western Boundary continues eastward along Test Road/S. Q Street to the west side of S. 9th Street. The Charles Western Boundary continues southward along the west side of S. 9th Street to the intersection of S. 9th Street and Boston Pike (Highway 227), then angles south-southeast to a location south of S. 14th Street, then goes due east at approximately the Short Creek waterway area and then north to a point west of S. 23rd street but east of the "Riley Hills" section of the city (east of Riley Hills Dr.), and then continues northward to the south edge of Wernle Road, and then continues westward to S. 16rd street. The Charles Elementary School Boundary extends north on S. 16th street to the intersection of South 16th street and East Main street (Highway 40 East). Students residing on the east side of S. 16th street are included in the Charles Elementary School Boundary.

Crestdale Elementary Boundaries

Crestdale Northern Boundary

The Crestdale Northern Boundary extends from the west at Salisbury Road and Williamsburg Pike, southeast to a point that is west of Wayne Road, and then north to Webster Road. The Crestdale Northern Boundary then extends east along the northern boundary of the Richmond School District boundary, which is a line that runs from Webster Road, part of Morrow Road, and then to the east to the Indiana state line.

Crestdale Eastern Boundary

The Crestdale Eastern Boundary extends from the Crestdale Northern Boundary south to a point just south of West Eaton Pike and the Charles eastern boundary line.

Crestdale Southern Boundary

The Crestdale Southern Boundary extends from the most southern part of the Crestdale Eastern Boundary and extends west to a point north of S. D street and angles up to a point east of the end of the last entry way into the shopping plaza that includes AMC Classic Movies, Fazoli's, and other retail establishments. Students residing on Old National Road East, Roby Lane, West Eaton Pike, S. 52nd street, S. 52nd Place, Whitewater Avenue, and in the Parc Lorraine Cooperative Rentals complex are included in the Crestdale Elementary School Boundary. The Crestdale Southern Boundary continues on the north side of East Main Street (Highway 40 East) to a point on the west side of Glen Miller Park.

The Crestdale Southern Boundary continues and extends from the west side of Glen Miller Park north to the railroad tracks on the north side of Glen Miller Park. Note that students living on the following streets ARE NOT in the Crestdale Elementary School Boundary: N. 24th street, N. D Street, and N. 22nd Street.

The Crestdale Southern Boundary continues from the north side of the railroad tracks (see preceding paragraph) and extends west to the east side of the East Fork Whitewater River waterway.

Crestdale Western Boundary

The Crestdale Western Boundary follows along the east side of the Cardinal Greenway Recreational Trail, to the intersection of Waterfall Road, along the north side of Progress Road, along the north side of Progress Drive, and then west to Salisbury Road, just south of the intersection of Salisbury Road and Gaar Jackson Road. The Crestdale Western Boundary then extends north along Salisbury Road to the intersection of Salisbury Road and Williamsburg Pike.

Fairview Elementary Boundaries

Fairview Northern Boundary

The Fairview Northern Boundary extends from a point on Salisbury Road just south of Gaar Jackson Road and continues east to the south side of Progress Drive, along Sheridan Street.

Fairview Eastern Boundary

The Fairview Eastern Boundary extends along Sheridan Street and follows along the west side of the Cardinal Greenway Recreational Trail to the East Fork Whitewater River waterway, along Sim Hodgkin Parkway, and along Hub Etchison Parkway to a line that extends from SW D. Street to Hub Etchison Parkway.

Fairview Southern Boundary

The Fairview Southern Boundary extends from a line along Hub Etchison Parkway to a line that extends from SW D. Street to Hub Etchison Parkway, to the west on SW D. Street to the intersection of SW D. Street and College Avenue. Students residing on the north side of SW D. Street are included in the Fairview School Boundary. The Fairview Southern Boundary extends from the intersection of SW D. Street and College Avenue north to the north side of National Road W (Highway 40 West), then extends to the west along the north side of National Road W to the intersection of National Road W and SW 11th Street. The Fairview Southern Boundary continues north on SW 11th Street to the intersection of SW 11th Street and Peacock Road, and then continues west along Peacock Road to the intersection of Peacock Road and Salisbury Road.

Fairview Western Boundary

The Fairview Western Boundary extends from the intersection of Peacock Road and Salisbury Road north to a point on Salisbury Road just south of Gaar Jackson Road.

Starr Elementary Boundaries

Starr Northern Boundary

The Starr Northern Boundary extends from a point on the east side of the East Fork Whitewater River waterway and on the west side of the Veteran’s Memorial Park and extends northeast along the river to the intersection the Crestdale Southern Boundary. The Starr Northern Boundary continues east/northeast on the south side of the railroad track to the intersection of N. 24th Street and North Drive.

Starr Eastern Boundary

The Starr Eastern Boundary extends from the intersection of N. 24th Street and North Drive south to the intersection of N. 24th Street and N. D Street. Students residing on N. 24th Street are included in the Starr School Boundary. The Starr Eastern Boundary continues from the intersection of N. 24 Street and N. D Street west to the intersection of N. D Street and N. 22nd Street, and then south on N. 22nd Street to the north side of East Main Street (Highway 40 East). The Starr Eastern Boundary continues and extends from the intersection of N. 22nd Street and East Main Street (Highway 40 East) to the west to the intersection of East Main Street and S. 9th Street, then continues south along S. 9th Street to north of S. G Street.

Starr Southern Boundary

The Starr Southern Boundary extends from the intersection of S. 9th Street and S. G Street west to the intersection of S. G Street and S. 5th Street. Students residing on the north side of S. G Street are in the Starr Elementary Boundary.

Starr Western Boundary

The Starr Western Boundary extends from the intersection of S. G Street and S. 5th Street north to a point on the east side of the East Fork Whitewater River waterway and on the west side of the Veteran’s Memorial Park.

Vaile Elementary Boundaries

Vaile Northern Boundary

The Vaile Northern Boundary extends from the intersection of East Main Street (Highway 40 East) and S. 9th Street eastward to the intersection of East Main Street and S 16th Street.

Vaile Eastern Boundary

The Vaile Eastern Boundary extends from the intersection of East Main Street and S 16th street southward to the intersection of S. 16th Street and Wernle Road. The Vaile Eastern Boundary continues eastward along Wernle Road approximately 1,060 feet on Wernle Road and then continues southward to approximately the Short Creek waterway area and east of the Riley Hills Area to Boston Pike (Highway 227). Students residing on the westside of S. 16th Street are included in the Starr Elementary Boundary.

Vaile Southern Boundary

The Vaile Southern Boundary extends from the Vaile Eastern Boundary, along Boston Pike (Highway 227), north on S. 9th Street to the S. 9th Street and S. Q Street intersection. The Vaile Southern Boundary continues westward to the intersection of S. Q Street and S. 5th Street intersection.

Vaile Western Boundary

The Vaile Western Boundary extends from the intersection of S. Q Street and S. 5th Street northward to the intersection of S. 5th Street and S. G Street. The Vaile Western Boundary continues eastward on S. G. street to the intersection of S. G Street and the east side of S. 9th Street, and then northward on the east side of S. 9th Street to the intersection of S. 9th Street and the south side of East Main Street (Highway 40 East).

Westview Elementary Boundaries

Westview Northern Boundary

The Westview Northern Boundary extends from the intersection of Peacock Road and Salisbury Road to the intersection of Peacock Road and NW 11th Street. Students residing on either sides of Peacock Road are included in the Westview Elementary Boundary.

Westview Eastern Boundary

The Westview Eastern Boundary extends from the intersection of Peacock Road and NW 11th Street southward to the south side of National Road West (Highway 40 West), and then along the south side of National Road West to the intersection of National Road West and College Avenue. The Westview Eastern Boundary continues southward along College Avenue to the intersection of College Avenue and SW D Street. The Westview Eastern Boundary continues eastward on SW D Street to Hub Etchison Parkway, southward on Hub Etchison Parkway, across the G Street bridge to S. 5th Street. The Westview Eastern Boundary continues southward on S. 5th Street to S. Q Street. Students residing on either sides of S. 5th Street are included in the Westview Elementary Boundary. The Westview Eastern Boundary continues westward on S. Q Street to S. Q Street and Test Road, and then continues southward along the East Fork Whitewater River and Highway 27 South to approximately the Smith Creek waterway.

Westview Southern Boundary

The Westview Southern Boundary is approximately at the Smith Creek waterway and does not have any distance from east to west to account for.

Westview Western Boundary

The Westview Western Boundary extends from the Westview Southern Boundary northward on the east side of the Richmond Community School district school boundary. It extends northward to the intersection of Salisbury Road and Peacock Road.
