

1. Prescreen in the mornings –

Before letting your child leave the house, prescreen for symptoms: Congestion or runny nose, Fever (100.4), Cough, Shortness of Breath, Diarrhea, Headache, Nausea or vomiting, Sore throat, Muscle pain and fatigue, Chills, New loss of taste or smell.

2. Masks – Masks are to be worn at all times on the bus, entering/exiting the building, in the hallways and in the classroom when social distancing cannot be maintained.

3. My child tests positive for COVID-19 - Your child must remain home in *isolation* for at least 10 days from when symptoms began **AND** fever free without fever reducing medications. Please contact your school.

4. My child is sent home with symptoms – Your child may return to school if a provider has determined it was not COVID-19 related, after 10 days and fever free for 24 hours (without the use of fever-reducing medications).

5. Someone tests positive in my child's school – We will **NOT** release the name of any individuals who have tested positive, except to the Health Department. We will only notify the families of any student that was in close contact with that person.

6. I was not contacted when someone tested positive in my child's school – Your child did not have close contact with someone who tested positive in the school.

7. What is close contact? – Close contact is within 6 feet for more than 15 minutes. If a classroom has all students facing the same direction, 3 feet is required.

8. My child opted for virtual school, are there requirements for attendance? – Yes, there are requirements for being actively engaged. Attendance does not mean they will be in front of a computer the whole time. [Click this for Kdg-12th grade attendance requirements](#)

9. My child won't wear a mask- Teachers and administrators will work with students and families. Masks are for the protection of everyone and are part of the governor's statewide mandate. Virtual learning may be an option for students who find it difficult to wear a mask.

10. Where can I get more information? – There are several sources for information out there. It is important to decipher reliable sources from other sources. The Indiana State Department of Health has up-to-date reliable information at <https://www.coronavirus.in.gov/2400.htm> .
