

BOARD BRIEFS

Todd Terrill, Superintendent

October 10, 2018

Work Session

The board discussed the Master Planning working groups.

Educational Planning Working Group – This will be a large group and should start immediately. The board members, cabinet, directors and administrators will meet initially to review input from earlier community input meetings. This information will help begin the process and help with the direction of the planning and sub committees. The initial group will also discuss adding additional members (teachers, parents and community members) and what areas they will be best suited to serve.

Marketing – Begin in spring 2019

Facilities – Begin in spring 2019.

Finance – This group will meet when the projects have been determined.

Recommendations for community members – The board members will give recommendations (this is who I want and why).

- Complete the appointment form with rationale
- Considerations will be made by their background and the group make up.
