## Celebrations/Reflections

### PowerUp Update

Rob Tidrow, Chief Operations Officer, updated the board on how well things are going since the roll out of the PowerUp 1:1 initiative for grades 5-12 in 2017. Mr. Tidrow reviewed information regarding procedures, insurance, support services and communication. The beginning of the 2018 school year Chrome Book carts were provided to students in grades 2 – 4, one cart for every two classrooms. Mr. Tidrow reminded students that if their devices are in need of repair to inform their teacher and use the services that the helpdesk provides.

Chuck Reynolds, Assistant Superintendent, spoke to the board regarding how technology has been embedded in all curriculum since the start of the 1:1 initiative in 2017. Professional Development was also part of the PowerUp plan and many opportunities have been and will continue to be provided to all teachers. Knowledge of technology is very important in the success of all students. We are excited with the advancements and opportunities that have been provided to all RCS students and teachers.

The Kiwanis have created Safety Village, a permanent home where children can receive training in many safety issues in addition to traffic, including fire, water, and electrical. Kid-sized streets, stop signs, stop lights, buildings and sidewalks make learning how to cross the street safely fun.

Mr. Terrill and Bridget Hazelbaker visited Safety Village on Tuesday with students from Starr and Hibberd. The kindergarten students from Starr learned fire safety from going through the Fire House and students from Hibberd learned about road safety.

On October 29<sup>th</sup> Safety Village will hold its annual Trick or Treat Event. Mrs. Hazelbaker and Mr. Terrill will be on hand to pass out candy.
