10	High Ability grouping at Hibberd is highly effective; however, servicing high ability students in the elementaries through Success needs much improvement.	2/26/2018 12:59 PM
11	I think there is always room for improvement in any program. I would like to see the administrators in the classroom more so they can see what is going on a daily basis.	2/25/2018 8:44 PM
12	I have heard excellent things about the high abilities program at Hibberd. My child's teachers have told me that she will do well in that program if she gets in but now I have heard that RCS might close that building. I would like to know how RCS plans to address the needs of high abilities students.	2/24/2018 4:35 PM
13	YMCA is only available direct to children at Charles and is extremely pricey. It's distracting CHARLES seems to be the main school for everything..... what about Westview? Totally opposite side of town for west side folks. Very frustrating!	2/22/2018 11:08 PM
14	CIS, Centerstone/Meridian services all need to be increased.	2/21/2018 4:22 PM
15	I have a Junior at RHS who benefitted greatly from the LOGOS program and I recommend it to anyone who might qualify. I also have children in the Crestdale Life Skills program. These classes make it possible for them to learn in an environment that is best suited for their needs. Our family has really appreciated these two amazing programs.	2/21/2018 3:38 PM
16	I would love to see my kids going outside for recess on a regular basis and more often. It is often taken away as a class punishment or it is inside because it is a little cool outside. Kids need that break from their classroom.	2/21/2018 6:51 AM
17	The 3/4 Logos program at Hibberd is outstanding. My daughter is pushed to learn "out of her comfort zone" and I have seen a great deal of growth. I would be extremely upset to see this program unavailable in the future.	2/20/2018 11:30 AM
18	If other grade levels are reconfigured, perhaps High Ability could be put in one of those buildings if the goal is the close Hibberd. I would suggest trying to reconfigure grades or redistrict children before closing yet another elem.	2/20/2018 10:32 AM
19	Keep Logos 3-4 at Hibberd	2/19/2018 1:22 PM

20	The CYS program is vital to RCS success. There are no alternatives for students who cannot handle the stress of a daily class routine. While you offer life skills for a certain type of child and Logos for another there are yet others with diagnosed emotional disabilities that cannot survive without a special program like CYS.	2/19/2018 9:52 AM
21	Tried LOGOS and was unimpressed. Way too many projects! I would rather my child be challenged in other, more effective ways. I fully support getting rid of that program and I also see no need for a building like Hibberd to be used for high ability students only.	2/16/2018 7:36 PM
22	Please consider Conscious Discipline, by Dr. Becky Bailey ,for the entire district of Richmond, as a way for teachers to calmly teach and for children to learn to self-regulate.	2/16/2018 1:36 PM
23	My daughter has adhd and was tested for a learning disability but because she barely passed within a few points there is nothing they can do but test again in a year if needed. She struggles a lot and I personally think those testing should be looked into if it's really that close instead of saying at this time we can't help. It feels like she is being set up to fail.	2/16/2018 1:10 PM
24	My child only has each of the creative arts once per week. Each weekday he has 1 of these: PE, Music, Art, Library or Computer Lab. Twice per week would be better. More would be best. Also, the question about high ability is confusing. I would rate the hibberd program as highly effective. The pull out part was completely ineffective because my child never saw the high ability teacher. Also, the Preschool question was confusing. It would be great to have 2 Preschool classrooms per building rather than just 2 1/2 day sections per building. Within the Preschool, the speech and physical therapists need to be in the classrooms more with the students. Preschoolers aren't getting the services they need.	2/15/2018 4:21 PM
25	This survey isn't accurate.	2/15/2018 4:07 PM
26	No comments to add.	2/15/2018 1:54 PM
27	The above questions are false in regards to Creative Arts. while there may be an occasional class that has music, art, PE, or library twice a week, this is an anomaly. 90% of students have these classes once a week.	2/15/2018 9:45 AM
28	hoping they keep the logos and early collage hibberd building if not I think it would be wise if allowed families to put kids in school of there choose	2/14/2018 11:35 PM
29	The Hibberd building is a private public school. If you have the right last name and know someone from the inside the student gets in the program. The high ability program should not be exclusive but inclusive. High ability students should be enriched at their home schools. We need those high ability kids to be in regular classrooms to often be role models for other students. The program is not effective. Once Logos students leave the Hibberd building and attend RHS, they lack social skills and often times lack academics skills.	2/14/2018 8:45 PM
30	From speaking with teachers and students who have benefitted from the or taught in the High Abilities programs for years, the changes brought to these programs are concerning. This program worked wonders as it was originally designed and in the last several years, changes have been made to make it look more like general studies...just with a lot more work. If you look at the result, these high ability students have gone from doing well on standardized tests as a whole to not doing so well, period. Why do we insist on seeing what works, but if it takes to much effort OR if someone gets their nose out of joint because of their perception....we try to make the good change to accommodate the norm, regardless of the results of the norm. It makes it look like the education systems motto of having the kids at the top of their concerns is anything but. Secondly, and even of deeper concern. Recess. The number of studies done on this topic and the confirmation of it's importance leaves one wondering where the minds of decision makers in education are focused. Study after study shows...proves...that given a daily recess (1 hours for lunch and recess combined...but at least a 30 min. recess)..grades go up...ESPECIALLY WITH BOYS!!!! why do we minimize this EASY solution.	2/14/2018 12:54 PM
31	At Westview students only have specials such as Gym, art and music one day a week—not 2. They need more to be effective.	2/13/2018 11:24 PM
32	Students in elementary level only get each creative arts once a week! Should be more in my opinion.	2/13/2018 11:05 PM
33	Centerstone staff need to be present in the building more I had a child enrolled in the logos program at Hibberd and ended up switching them to test intermediate. My child did not find the program challenging and as a parent I felt it lacked an emphasis on spelling skills.	2/13/2018 10:06 PM

Richmond Community Schools Elementary School Programs

34	There should be some form of art, p.e. and music everyday. There are too many "busy work" work sheets and not enough imagination and creativity.	2/13/2018 6:09 PM
35	I love the logos program it has allowed my daughter to take part in programs and opportunities she would not have without it	2/13/2018 5:04 PM
36	The programs just aren't like they used to be. There's no accountability anymore and parents aren't as involved.	2/13/2018 2:14 PM
37	The Hibberd Program Building is a complete house to exceptional programs at RCS.	2/13/2018 1:50 PM
38	CIS needs additional hours in the week. The pull out programs can be disruptive if held in the same room. CYS students can also be very disruptive when transitioning back. A few need to stay out for awhile.	2/13/2018 1:16 PM
39	I believe the preschool program offered at Charles school needs to offer another class for more children to be accepted.	2/13/2018 12:53 PM
40	My child started the high-ability program in the 2017-18 school year. It has made all the difference in terms of her enjoyment of school as well as her desire to learn. I couldn't have hoped for a better program to suit her intellectual needs.	2/12/2018 2:31 PM
41	I would like to see the connection between RCS and the Boys and Girls Club strengthen. Students who need to be in the homework room do not always access it. I think there should be a better check in system between RCS and Boys and Girls Club on students that need more help.	2/12/2018 1:06 PM
42	Logos and Early College are "destination" programs that attract families to our schools. Adding more programming like this would be advantageous to RCS.	2/12/2018 1:00 PM
43	Technology they're already getting in abundance. Much more time is needed in the physical and creative arts that they get nowhere else, and are so critical for development.	2/12/2018 9:19 AM
44	Get rid of inclusion!	2/11/2018 8:41 PM
45	Closing CYS would be a huge mistake. Putting some of those student in General Ed classes is not fair or appropriate for the safety and learning of students who are there to learn. It is also not fair to teachers to give a majority of their time to the behavioral students that would be put back into the classrooms. The Special ed. Department needs to be revamped. They make it too difficult for teachers to identify students that need that service. Saying that students need to go through the RTI process is against the law. When teachers say they need help the respect should be placed in the person that is with that student daily. RCS does a lot with data and the teachers know their students.	2/11/2018 3:44 PM
46	High ability needs to be offered at the lower levels at each elementary school outside of the general education classroom.	2/10/2018 9:54 PM
47	Please keep the LOGOS program. This is the reason we have stayed at RCS. Should this program be dispensed, we, along with many others that I have spoken with regarding the subject, will leave the school district!	2/10/2018 3:02 PM
48	Creative Arts is essential. The Baxter program needs to continue as students who struggle in the traditional classroom need alternative options.	2/10/2018 1:18 PM
49	Pre-K programs need to stay at the existing grade level buildings so students ca easily transition into the Kindergarten program the next year.	2/10/2018 8:36 AM
50	3rd and 4th grade LOGOS students should be separated by grade level so that the younger ones are given adjustment time in a high ability classroom and older ones are not held back. This a critical time in elementary students lives whether they are high ability or not.	2/10/2018 12:12 AM
51	My child attends Hibberd in a Logos classroom. This service is an invaluable resource for high ability students. I have been thoroughly impressed with this challenging curriculum.	2/9/2018 11:11 PM
52	Physical education, art, and music are only offered once a week to students at Fairview. This survey said it's offered twice a week.	2/9/2018 11:07 PM
53	Wish the teacher's would be more recognize for going over and beyond to help the children that are falling behind.	2/9/2018 11:06 PM
54	I believe art, music and gym classes are equally important. I am glad time is given each week. I would hate it if children couldn't sing or draw or play. These classes are important to create a well rounded child.	2/9/2018 10:31 PM

Richmond Community Schools Elementary School Programs

55	Art, music, and PE need to remain as important choices for students of all ages. The high ability program at Hibberd is very impressive. RCS should be proud to offer this program in it's present form.	2/9/2018 10:11 PM
56	Most programs are great but understaffed or lack in the hours of service. So much more could be done and the students could really benefit more with proper staffing and more hours to make sure needs are met. Preschool need to go back to teaching more than social skills and learning through play if you expect children entering kindergarten to actually be prepared for what they need to know to excel in kindergarten. We also need to find a way to get more kids in preschool so they have the chance to learn the skills needed for school.	2/9/2018 10:11 PM
57	None	2/9/2018 10:07 PM
58	I think pre-k students should be separated by age so that 3 year olds and students getting ready for K can be learning different skills. I think we need more high ability programming within the elementary buildings.	2/9/2018 10:06 PM
59	We need full time interventionists at the elementary schools. They provide great services for kids during Success and other times. More students would benefit from working with an interventionist who is a licensed teacher...rather than a paraprofessional.	2/9/2018 9:20 PM
60	There needs to be more access for Special Needs children other than Crestdale. Also there needs to be more spots for children in preschool. Too many people are turned away due to lack of spots.	2/9/2018 8:53 PM
61	I think there is room for improvement but I'm glad RCS students are offered these services!	2/9/2018 8:50 PM

How many teachers I saw with their students actively engaged instead of just sitting in a chair!) Sandy Saylor, specifically, made herself available to answer my questions without making me feel foolish for being concerned.	2/16/2018 8:19 AM

21	More Stem activities. More recess to get kids moving more. Research shows more recess leads to more learning— and not just a little brain break. More fun! Learning use to be fun and not so test centered. Scores would go up if kids enjoyed learning! Discipline is the key!! Too many distractions for students due to behavior issues. No accountability for the behavior so it escalates. School needs to be in control and not worried so much about parents. Educators know that good parents set strict guidelines and follow thru with rules— yet in education it doesn't happen. Alternative placements need to be done if necessary— not just when parents agree.	2/13/2018 11:24 PM

18	Excellent opportunities for my child to receive a great education	2/19/2018 9:52 AM
19	Diversity and opportunities	2/16/2018 7:36 PM
20	We moved to this area for work, and the schools were recommended by church members.	2/16/2018 1:36 PM
21	It's where I went but I'm considering putting her in a different school system	2/16/2018 1:10 PM
22	I'm a firm believer in public schools. I think that it is a right to all people to have free education. That said, if I feel my children aren't getting quality education, I'll be forced to look elsewhere.	2/15/2018 4:21 PM
23	Because I went to Richmond.	2/15/2018 4:07 PM
24	Wanted my child to be in a diverse setting - race, socioeconomic, etc.	2/15/2018 1:54 PM
25	in area	2/14/2018 11:35 PM
26	When Garrison closed its doors we left the district. We paid over \$15,000 in tuition at one point in a year to send our kids to Seton. We returned to the district 3 years ago and have been happy with the education our children have received thus far. The intermediate grades could be better at consistency with teachers.	2/14/2018 8:45 PM

28	District I live in.	2/13/2018 11:24 PM
29	Their emphasis on Dual credit achievement at high school level	2/13/2018 10:06 PM
30	Because we live here.	2/13/2018 8:50 PM
31	Hibberd program and staff.	2/13/2018 8:14 PM
32	Wide array of services for students	2/13/2018 8:02 PM
33	Only option available to low income families. Only public school in area	2/13/2018 7:16 PM
34	I like the idea of public schools and that my child is learning along side of many different social, emotional and cultural backgrounds.	2/13/2018 6:09 PM
35	Living location	2/13/2018 5:21 PM
36	It is the best school system around	2/13/2018 5:04 PM
37	We wanted our children to have a public school education and learn to deal with diversity.	2/13/2018 2:14 PM
38	Diversity, LOGOS, fantastic teachers and staff	2/13/2018 1:50 PM
39	I believe in public schools. We have incredible teachers and great choices at the high school.	2/13/2018 1:16 PM
40	It is the only school in our area.	2/13/2018 12:53 PM
41	Because RCS has been a great school system for a long time. Hopefully no school closures will help continue to make RCS a highly choice of education	2/13/2018 5:15 AM
42	RCS was the school district designated for us.	2/12/2018 2:31 PM
43	Good education available	2/12/2018 2:00 PM
44	Years ago we felt that it was the best option. Now it feels as if other nearby districts are "catching up" in terms of programming and options for learners. It remains to be seen if richmond will respond with creativity and future-leaning thinking or follow fear and status quo.	2/12/2018 1:00 PM
45	Because of the arts program in the HS, but that has greatly deteriorated, and we would not make that move again.	2/12/2018 9:19 AM
46	Bigger and more opportunities	2/11/2018 8:41 PM
47	I didn't. I took my students out of RCS because they needed a learning environment that was safe and met their needs. RCS has too many issues and makes changes way too often that do affect students, staff and families. I wanted stability for my children. To many principals, teachers, and paras leaving due to the fear and inefficiency of Central office leaders.	2/11/2018 3:44 PM
48	LOGOS program	2/10/2018 3:02 PM
49	Effective educational opportunities.	2/10/2018 1:18 PM
50	It is the best school and has so many offerings for students.	2/10/2018 8:36 AM
51	Largest corporation in county with many more opportunities.	2/10/2018 12:12 AM
52	Dedicated teachers	2/9/2018 11:10 PM
53	They offer great opportunities for students to do after high school.	2/9/2018 11:06 PM
54	I have 2 granddaughters that attend Richmond Community Schools. One is in the 4th grade at Hibberd. One is three. I want them to enjoy school.	2/9/2018 10:31 PM
55	Because I honestly believe they have more to offer than any other local school when it comes to overall programs	2/9/2018 10:11 PM
56	Live in Richmond	2/9/2018 10:07 PM
57	I believe RCS offers the best range of services for my children.	2/9/2018 9:51 PM
58	I am an advocate for public education. I have been happy with the education my children have received.	2/9/2018 9:20 PM
59	Because I don't have a way to transport my child to another school district.	2/9/2018 8:53 PM
