Head Lice Hotline

TO: All School Nurses, Teachers, School Administrators and Parents

A new service has been established to help parents deal with the problem of Head Lice. The volunteers have already been through the head lice problem and have successfully eradicated head lice and nits from their lives. They are caring individuals who have kindly volunteered a few hours per week to talk to people on the phone about head lice. They are trained on how to help people with head lice over the phone.

The service is provided by volunteers at the non-profit website:  http://www.HeadLiceHotline.org.
