RCS launches New Professional Development Opportunity

RICHMOND, IN April 6, 2018 – Richmond Community Schools teachers were able to participate in a voluntary professional development opportunity yesterday. The first topic “Make Virtual Reality a Reality in Your Classroom!” was led by eLearning Specialist, Kevin Schamel. The professional development opportunity was broadcasted live and it can be viewed at a later time. These new professional development opportunities will be held every other Thursday at 4:00 p.m. The RCS eLearning team will be using the first few sessions to test out the system, but they will eventually have other RCS teachers and staff guest host. If teachers are interested in presenting, they are asked to fill out a guest proposal form and a member of the eLearning team will follow up with them.

To see learn more this new professional development initiative, please visit <http://www.rcs.k12.in.us/elearning>

###

The Richmond Community School District provides each of its 5,000 students with a superior education in a safe and challenging environment and is committed to graduate every child career and college ready. For more information, please visit www.weRichmond.com or call 973-3300.
