3 Days Per Week (Mon, Wed, Fri)		
5 Days Per Week (Mon-Fri)		

Parent/Guardian Signature \_\_\_\_\_

**We thank you for applying and look forward to enrolling your preschool student in Richmond Community Schools!**

*Due to limited class sizes, please note that this form is an application for enrollment, and does not guarantee placement within our preschool program. Applications will be submitted to and reviewed by your school.*

All RCS preschool programs use the same curriculum and deliver the same high-quality early childhood experience. Preschool classes are located at Charles, Crestdale, Starr, Fairview, Vaile, and Westview Elementary Schools. Our Early Childhood Special Education classrooms will be located at Crestdale.

For the most part, students will be placed in preschool programs in the buildings determined by their residence based on established attendance boundaries. Students whose IEP recommends placement in the ECSE setting will be placed at Crestdale. *Transportation will be provided for these students only.*

Eligible students who are not enrolled will be placed on a waiting list, and enrollment will be made based upon the priority guidelines. You will be contacted by your school to confirm your status and to complete the enrollment process. We look forward to meeting you!
